

Email Settings

In **System > Settings > General**, there are several emails can be toggled on and off for B2B.

- **Welcome:** Shared with non-B2B shoppers, this email is sent when an account is created and approved.
- **Set/Reset Password:** Shared with non-B2B shoppers, this email is also triggered on account creation and approval.
- **Quote Ready For Checkout:** Sent when a quote has been approved by the seller and is ready for the buyer to turn into an order. See the [Quotes](#) guide for more information.
- **Account Denied:** Sent when a B2B account request is denied by an administrator.
- **Account Inactive:** Sent when a B2B account is deactivated.
- **Account Requested:** A confirmation email that is sent when a B2B account is requested.
- **Quote In Review:** A notification that the seller should now be reviewing the quote that the buyer submitted.
- **Quote Expired:** A notification that a quote has reached its expiration date and can no longer be edited or purchased.
