

# Search Types

Within each site, there are four search types to configure, organized into tabs:

1. Site Search
2. Category Suggestion (Visual Search)
3. Product Suggestion (Visual Search)
4. Listing

You must save your changes before switching to a new search type.

## Site Search

Within Site Search the available options are:

1. [Splainer](#)
2. [Personalization](#)
3. [Product Slicing](#)
4. [MinMatch](#)
5. [Phrase Slop](#)
6. [Auto Correct](#)
7. [Did You Mean?](#)
8. [Field Weights](#)
9. [Boost/Bury](#)
10. [Whitespace](#)
