

Search Types

Within each site, there are four search types to configure, organized into tabs:

1. Site Search
2. Category Suggestion (Visual Search)
3. Product Suggestion (Visual Search)
4. Listing

You must save your changes before switching to a new search type.

Site Search

Within Site Search the available options are:

1. [Splainer](#)
2. [Personalization](#)
3. [Product Slicing](#)
