# Payment Type Dashboard

The Payment Type dashboard breaks down metrics by specific payment types, displaying performance for a particular payment type or comparing performance across multiple types. This can be viewed under the payments topic at **Kibo Standard Reports** > **Payments** > **Payment Type Dashboard** in the navigation menu.

The supported filters that can be applied to this dashboard are:

Name	Description	Default
Site Name	Restrict results to one or more of your sites.	All
Order Payment Created Date	Limit results to only payments attempted within this time range.	Past five weeks

The measures that are calculated by this dashboard are:

Name	Description
Total Amount Requested	Sum of amount requested for all order payments.
Total Amount Collected	Sum of amount collected for all order payments.

Name	Description
Total Amount Due	The total amount requested minus the total amount collected.
